

SEARCH / SNIFF / FIND / ALERT / FINISH

## **Introduction to K9 Nose Work is Here!**

Professional K9 handlers who work in law enforcement and the military developed a new companion dog sport, so that our pet dogs can use their amazing talent to find a specific scent. We teach our dogs to find the scent of a specific essential oil. Once they learn to search out that scent for us, we add in new environments. We call them "elements". Our companion dogs learn to find the specific scent in 4 elements including Containers, Vehicles, Interiors, and Exteriors.

Find out if nose work is for you and your canine buddy! This one day workshop is an introduction to the sport of K9 Nose Work®. This workshop is a pre-requisite to enrolling in the beginning nose work class. You can find out more about this fast growing sport at [www.k9noseowork.com](http://www.k9noseowork.com) or [www.NACSW.net](http://www.NACSW.net).

When: Saturday, January 7th, 10:00am to 3:00pm
