

Train To Adopt™

By Sue Sternberg

Sue Sternberg has developed the Train-To-Adopt™ program which is a commitment to the quality of life for all dogs in shelters. Staff and volunteers can learn to train shelter dogs to enhance adopt-ability and carry out behavioral exercises to keep shelter dogs calm, sane and content. The Train-To-Adopt™ program trains staff and volunteers to implement simple, low-or no-cost measures that can keep dogs adoptable and make the shelter a friendly and inviting place.
